Pitbulls for Life Foster Homes:

Please fill out the following information to receive your free City of Calgary Dog License for your Pitbulls for Life foster.

These are required within 24 hours of the dog coming to your home for dogs kept within City Limits if they are over 3 months of age. Puppies under 3 months are exempt, but will need licensing if still in your care after that age. The license itself is registered to Pitbulls for Life so if the dog is picked up by the city they will contact a Pitbulls for Life Member.

Please remember you must register your foster dog within 24 hours with the City of Calgary, under Pitbulls for Life. The license is FREE of charge. If a foster home is issued a ticket for having an unlicensed dog (\$250 fine) it will be issued to the person who has the dog at the time. Pitbulls for Life is not responsible nor will reimburse for this type of violation.

The license will be mailed directly to you, but the license is specific to the dog it's registered to and needs to stay with that dog at all times. If the foster home changes then the new foster home is responsible for making this aware to the City of Calgary.

When the dog is adopted:

- If the new family lives within the city or city limits they can keep the license and call 311 to have the license transferred into their name.
- If they live in another city or outside of Calgary limits then the foster home needs to KEEP the license. When you get a new foster please fill out this same form with the new dog's information and include the license number to have it transferred to your new dog.

When the form is complete, please email directly to Bill Bruce with Animal Services so they license can be processed and mailed directly to you.
